

Mission Statement

Through the synergy of the TOC tools and visionary educators worldwide, TOC for Education will improve significantly the education of children and those who guide them by enabling them to think and communicate effectively. Working **together** toward shared goals, TOC for Education and all who champion children will leave behind a better world.

Moral Code

The TOC tools were created to find and implement win-win solutions in which no one gets harmed through our actions. As we strive toward the goal to bring significant improvement to education, the people of TOC for Education will use the TOC tools in the spirit in which they are intended.
